About the Authors of *Instructional Practices That Maximize Student Achievement (2017)*

The six authors of the book, have expertise in a broad range of student grade levels and academic content areas. Collectively, they taught all elementary grades from pre-school through high school. Their content-specific teaching experience includes reading, writing, mathematics, science, technology, social studies, special education, and English language learning. The authors have experience teaching in urban, suburban, and rural schools. All six of the authors have also worked as teacher trainers and have trained thousands of teachers and administrators in more than 150 school districts in the United States and Canada.
